* A great change was made in the death duties in 1881-2, and from that date Property assessed to Probate Duty constitutes the true record of personality changing hands by death.

† In these two years the capital was abnormal in amount, the operation of the Land Act of 1881 and the fixing of Judicial Rents having led to delay in recovering duty due for former periods.

NOTE.—More precise information having been obtained as to the receipts of Local Authorities for the year 1882-3, it was discovered that in previous years large sums received in respect of the sale of gas and water by Urban Sanitary Authorities had been returned as receipts from Rates. The figures for previous years have been corrected so far as it is possible, and now show, as nearly as the accounts will allow, the receipts from Rates.

* In 1872-3, the expression "Urban Sanitary Authorities" is substituted for "Local Boards" and "Improvement Commissioners."

Note.—This Return includes Channel Islands vessels, and Foreign-going vessels belonging to the Isle of Man for which crews were engaged at Ports in the United Kingdom.

The total number of persons employed includes foreigners, but not masters, nor Lascars and Asiatics serving under Asiatic Articles of Agreement.

The number of persons employed in the year is the sum of the number of persons forming the first crew of each vessel employed during the year.

The Home Trade includes vessels trading or going within the following limits, viz.: the United Kingdom, the Isle of Man, the Channel Islands, and the Continent of Europe between the River Elbe and Brest.

The Foreign Trade includes vessels trading or going beyond the above limits.

Some vessels known to be trading abroad are omitted from the Return, because no late information of the number of their crews could be obtained.
